

Weekend Communique

GRADE : 5

WEEK : 10th - 14th April, 2016

Children need to be challenged and pushed , not to the point where they give up but to the point where they think, “Wow, look at me go !”

Independent learning: Our focus at NMS is to encourage and motivate all students to gain mastery over every aspect of learning whether it be knowledge and understanding in class, showcasing their talent or leadership qualities. We take the initiative to provide a stimulus to our students wherein they carry forward their learning , decision making, risk taking , enhancing their creative ability, does helping in their overall development.

NMS X Factor: As the clock strike's 1.30 students rush to our magnificent canteen hall wherein the stage awaits to unveil the hidden talents of our shining stars. The students perform and gain fame and popularity. They vote for the best talent and the winners are declared .

Genius Hour - Artic Express: Students this week amazed us with their innovative and artistic sketches. Their ideas of a 3d ship or tanker is unique in its way. Awaiting the live presentation of these idiosyncratic inventions.

Artist of the week: Have a look at the art of our young artist Harsh Srivastav. He was awarded a happy go home note for his Creativity. Veer,Vivan,Sanoja and Hridha were given a happy go home note for active participation and creative ability.

Drama: is an interactive learning medium offered to all our students .It provides them opportunities to become confident, face a crowd without hesitation, enact, display their individuality and also personify expressions at its optimum.

Leadership traits: The students got a wonderful chance of exercising their right to vote and also to elect themselves for different posts. Through this students played an instrumental role in selecting their leader for the betterment and enrichment of our school.
