

Weekend Communique

GRADE : 5

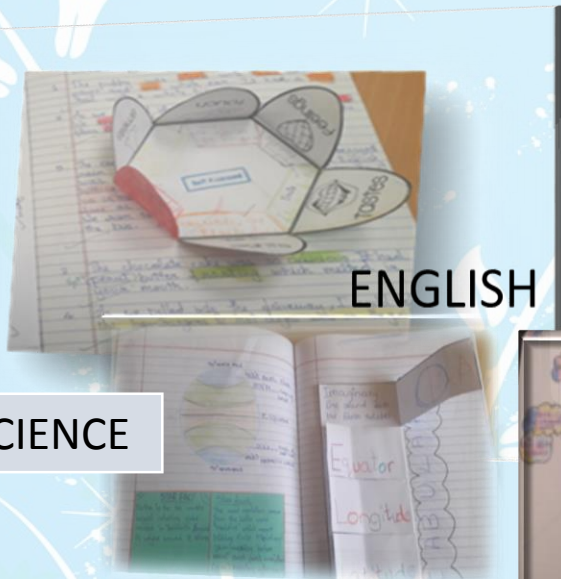

WEEK : 17th – 21st April, 2016

High achievement always takes place in the framework of high expectations.

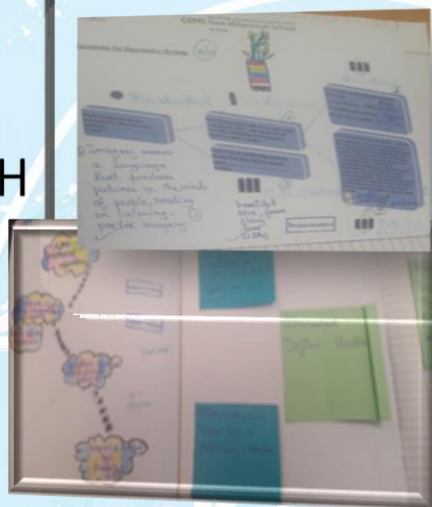

By Charles Kettering

Independent learning: All our students are involved in learning through maintaining interactive notebooks. The purpose of the interactive notebook is to enable students to be creative, independent thinkers and writers. Interactive notebooks are used for class notes as well as for other activities where our students are asked to express their own ideas and process the information presented in class. Have a glimpse of our student's creative work.

SCIENCE

Community Outreach, Innovation and Environment Programme: Students contributed by giving old uniforms, books and stationery which would be shared with the less fortunate community. School will come alive with green colored attire worn by both students and teachers on Monday 25th April 2016.

Leaders become great not because of their power but because of their ability to empower others.

A hearty congratulations to all our selected student council members of Grade 5 and all the very best to them. May you accomplish every duty and assigned task with loyalty, obedience and enthusiasm.
