

Weekend Communique

GRADE : 5

WEEK : 22nd – 26th May, 2016

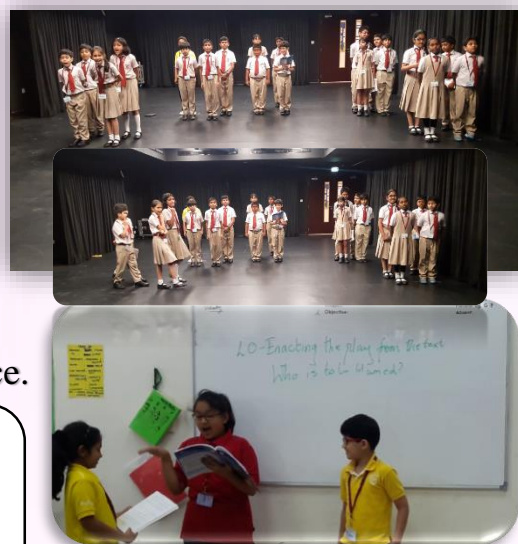

WHAT WE LEARN WITH PLEASURE WE NEVER FORGET.

learners
remember
more
effectively
when they
can use
skills to
access,
process
and
express
their
knowledge

Independent Learning: Our grade 5 students were involved actively in school through various activities .A dynamic Assembly which enabled them to reflect upon the two most important institutions of life i.e. family and school. An informative , entertaining, delightful and pleasant field trip to Dubai Museum and Ski Dubai was indeed full of joys of spring .It not only added to their knowledge but also gave an opportunity to enhance their life skills.

Drama lessons @ NMS: There is a Chinese proverb that says: “Tell me and I will forget. Show me and I will remember. Involve me and I will understand. Drama classes have provided students a platform to express. It has build up their confidence and given outlet for emotions , feelings , thoughts and dreams. Students were involved in role plays and choral recitation which was a great learning experience.

Hearty congratulations to Mohammed Mulla, Shreya Joseph Sneha and Fatima for receiving the Happy go home note for this week.
