

Weekend Communique

GRADE : 5

WEEK : 8th - 12th May, 2016

“All that I am or ever hope to be, I owe to my angel mother”

Abraham Lincoln

ASSEMBLY: Grade 7B conducted an assembly on “Mother’s Day” honouring motherhood, maternal bonds, and the influence of mothers in society. They highlighted the implication of Mother’s Day as the best time to say how much we love and care for our Mom. ***Pahul Singh & Rajasi Rakesh*** presented a graceful mime - a visual treat for our senses and a tribute to all Moms. Our Vice Principal, ***Ms. Christine De Noronha*** addressed the gathering and conveyed the message of spending quality time with our Moms. Let us keep our schedule open, and get ready for some bonding time. It’s something our Moms will treasure all through their lives.

GENIUS HOUR: – The challenge to display best prototype of innovative ship/ aircraft encouraged students to apply their mathematical and scientific knowledge to a real world engineering project. Students browsed through to find the important parts of a ship/ aircraft that helps in its functioning and a quick discussion was done to help them present their ideas. It was indeed a golden opportunity for our students to learn new skills through learning by doing and developing teamwork and presentation skills.

HAPPY TO GO HOME:

**5A – Anas Khursheed,
Brian Mathew**

**5B – Ananya Satheesh,
Rakshith Balaji**

**5C – Jaswant Praakash,
Nikhil Sriharshaa,
Krishna Chava**

INTERNATIONAL LABOUR DAY: We commemorate ‘**May Day**’ not just for its historical significance, but as a time to organize issues of vital importance to working-class people. Students extended their continued support by providing sealed dry food which will be distributed to the labourers by the student council members.

We salute your kind hearted gesture...
