

Weekend Communique

GRADE : 6

WEEK : 10th - 14th April, 2016

Children need to be challenged and pushed , not to the point where they give up but to the point where they think, "Wow, look at me go !"

The week commenced with Grade 9 assembly which was based on Leadership. The students highlighted the importance of leadership by sharing the contribution of World leaders. The aspirants for the students council also addressed the school and shared about the role that they would play as a part of council member.

Independent learning: Our focus at NMS is to encourage and motivate all students to gain mastery over every aspect of learning whether it be knowledge and understanding in class, showcasing their talent or leadership qualities. We take the initiative to provide a stimulus to our students wherein they carry forward their learning ,decision making, risk taking, enhancing their creative ability, does helping in their overall development.

Genius Hour - Artic Express: Students this week amazed us with their innovative and artistic sketches. Their ideas of a 3d ship or tanker is unique in its way. Awaiting the live presentation of these idiosyncratic inventions.

Happy to go home:

Masooma Aliasgar Motiwala

She has been very supportive and cooperative with other students during the lesson and has always taken initiative to lead her group during the group activities **Well done!!!**

NMS Star: Aziza Biju Saith from Gr-6A got NMS star for doing excellent class work in her SST notebook. **Congratulation!!!!**

Leadership traits: The students got a wonderful chance of exercising their right to vote and also to elect themselves for different posts. Through this students played an instrumental role in selecting their leader for the betterment and enrichment of our school.
