

Weekend Communique

GRADE : 6A

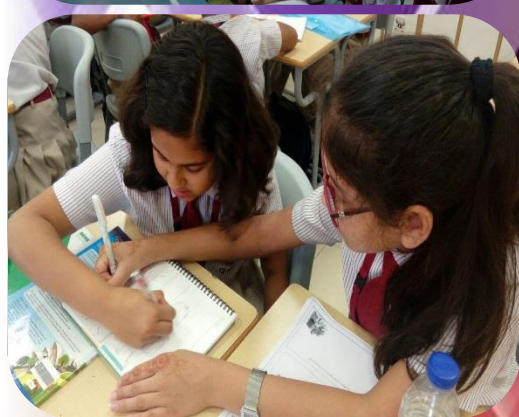

WEEK : 3rd - 7th April, 2016

"Today can be a new beginning...our dreams can be restored...a fresh vision can be released...new hopes can be activated"

We, at NMS, are prepared to offer time and guidance to every student that needs it. We request your support and partaking in this effort by sending your child to school every day, encouraging your child to read at least 30 minutes every evening, monitor their sleeping/ resting time, monitoring your child's homework, and asking your child to share what they learned at school each day. We greatly appreciate your cooperation and understanding while getting ready to race into another fabulous year of learning.

Genius Hour - Artic Express: Students watched an inspirational video rousing their initiative to creation. The task was to create a 3D presentation/ prototype of a tanker/a ship which could help mankind in the future world. Students filled in the brain storming sheet and are all set to sketch their ideas onto a canvas in the coming week.

6A Class Treaty: Establishing a shared set of expectations or rules is an essential step in creating and maintaining a peaceful classroom community. The list of agreements were posted in the classroom as a 'Classroom rules- Class Treaty', which is a working document that will serve as a guide towards the goals and ideals of 6A students.

Happy to go home:

Rianna George

She has been very supportive and cooperative with other students during the lesson and has always taken initiative to lead her group during the group activities **Well done!!!**

Class Monitors:

Girl: Drishya Rachel Mathew

Boy: Eshaan Sridhar

They have been selected as class monitors for being responsible, confident and showing friendly behaviour towards other students. **Congrats!!!**
