

GRADE : 1

WEEK : 24th – 28th APRIL, 2016

WEEKLY UPDATE

Hello again! We hope you had a lovely week and here we are back again with our update for the week with lots of pictures to show you how much fun and learning the children had in school.

ASSEMBLY

The students of Grade 4 A presented their class assembly giving the significance of the occasion Israa-al Miraaj. The assembly started with the Quran recitation with verses from Surah al Isra followed by a short skit to enlighten about Rajab. The students also highlighted the importance of Namaz.

POETRY RECITATION

Poetry promotes literacy, builds community, and fosters emotional resilience. In celebration of April being the National Poetry Month, the students participated in the Poetry competition. We were extremely delighted to see many students participate and demonstrate their love for poetry. Our confident young poets stole our hearts with their simple yet melodious poems.

EARTH DAY CELEBRATION

Celebrating Earth day on 25th April, was a great way of showcasing classroom environmental education, highlighting efforts to go green. Students were briefed about the threats the Earth faces today and were encouraged to come up with simple solutions on how we could save our planet. They all came dressed in green and also brought green coloured healthy food in support of the Earth day.

GENIUS HOUR

Every Thursday, students get the opportunity to think, and come up with innovative ideas. The topic for Grade 1 students in Unit 1-Genius Hour is "Puppets". Students have been discussing how they can use different items to make puppets and have demonstrated them through creative ways.
