

Weekend Communique

GRADE : 3

WEEK : 3rd - 7th April

...مساء الخير... Good afternoon!

WELCOME TO GRADE 3-I'd like to take this opportunity to welcome you parents to the new school year. It's been a pleasure getting to know your children and we are happy to help develop and mold their personalities even further. The teachers enthusiastically welcomed the children by decorating the doors ever so meticulously and with love expressing their ideals .

Treaties and Lockers-Week one started with children settling in new classes and getting to know their teachers. On the very first day they took possession of their lockers and signed treaties collaboratively about school rules they would like to follow. They also made wall hangings to take home on the very first day. Students were also taken on a school tour.

Rotational Leadership-At GNMS we believe in enhancing leadership skills and so we have rotational leadership. Being a leader and respecting one core skills we want to embed so for this we have several roles like

- 1.Cubby Inspector
 - 2.Line Leader
 - 3.Library Helper
 - 4.Noise Police
 - 5.Plenary Leader
 - 6.Clean up crew
 - 7.Material manager
 - 8.Ambience In charge
 - 9.Seating Supervisor
 - 10.HW Monitor
- Names may differ in certain sections.

Break Time- Its indeed a pleasure to see mostly all students eating after laying a napkin down. We have only a few students without napkins. I would request all parents to please send a napkin without fail so the class can stay neat and tidy. I would also request all parents to send sanitizers so going for washing hands can be reduced.

GENIUS HOUR- Students once revisited Genius hour and all students were told to collaboratively discuss the world of Toys. Their innovation for this unit would be to build a magical toy for the future.

SOLO- Solo was conducted for nearly all subjects to test the starting point and measure attainment and progression.

Looking forward to working with you through the year. Have a great weekend!!

Busy Learning !!
