

Grade 3

Week- 8<sup>th</sup>-12<sup>th</sup> May

**Mother's Day Special** -The week started with children getting together with their mothers in a salad making competition. They also made cards for their mothers. The involvement and commitment of the relationship was a treat for the eyes. Added to that the **assembly for the week** presented by Grade 3C empathetically portrayed the importance of the relationship between mother and child. Scan the Qr code below for a look at the special assembly.

ASSEMBLY REFLECTION SHEET

Name: Fabeen  
 Class / Section : 2B  
 Date : 12/05/16  
 Topic : Mothers Day

WHAT DID I LEARN FROM THE ASSEMBLY?????

1) I learnt that mothers day started at the ancient greece times.

2) I learnt how much your does for you and how important she is.

3) I also learnt what a life would be like without your mother!

Social Studies-Children enthusiastically researched and provided evidence of the unique features of the UAE.

Speaking skills were tested this week as students spoke on the topic-"Go Green". Their oratory skills have improved and it's a pleasure to watch and a proud moment for all.

**EOU-EOU** are in progress and students have displayed good knowledge. Children have done well and look forward to the next Unit.

**CERTIFICATES-** Students who won in the poetry recitation were felicitated with certificates. Children who won in writing will be felicitated next week.

**Up next- Science week**  
**A gentle reminder to parents to send the money for the field trip as soon as possible.**  
**Wish you a relaxing weekend!!**
