

Weekend Communique

GRADE : 2

WEEK : 15th- 19th May, 2016

مساء الخير... Good afternoon!

Could learning be more fun?

The most awaited day finally arrived- 23rd May, 2015! This Monday, students lived the lives of policemen, dentists, scientists, teachers, bakers, chefs, jewelers, army officers, bankers, musicians, dancers, racers, driving instructors- to name a few.

Kidzania- the place that offered our grade 2 students a chance to live their dreams, as they chose from a range of different occupations and fulfilled their ambitions. Getting involved in various activities, role play and exposure to such an interactive and fun learning environment left our students craving for more. We hope we can bring many more such exciting trips for our students in the upcoming year!

Want to watch pictures and video clips of your child having fun in Kidzania? Click on the link below:

Assembly- This week, Students of Grade 3B informed everyone about the Duties of Children towards their families. Children performed a small skit brainstorming duties and then sharing them with everyone. They insisted on the small ways children can help in the family to make their parents happy. The assembly ended with a joyous song.

Reading- as always, we shall stress upon the importance of making your child read every day loudly for 30 minutes. Reading helps children improve their spoken and written language, fluency, confidence, the ability to focus, raises awareness and enables students to gain so much more knowledge. Studies have shown that children who read every day for just 20 minutes show three times more progress in their exams compared to children who do not read every day. Please take out time every day, and read with your child. Please check the web links and books provided in the English folder on My learning.

Coming up- The Unit 1 results will be released soon... stay tuned!

مع السلامة.... HAVE A RELAXING WEEKEND!
