

Weekend Communique

GRADE : 4

WEEK: 8th May- 11th May, 16

A mother understands what a child does not say

- Jewish Proverb

Mothers should be honoured every second of our life. No matter what we do to her, we will always be indebted to her love and sacrifice.

Students of Grade 3B, performed in the assembly on the theme Mother's Day. The presence of their mothers did add to the glorious moments which we share every single time. Thank you for being a part of these special celebrations conducted in school. It really means a lot to us.

End of Unit: *Students were all geared up to write their first EOUs which validates child's learning and comprehension in subjects. Unit 2 begins from 15th May and the result will be shared shortly. You can view your child's result by simply logging on OASIS. It's vital that you too look at it closely and have a conversation with your child on how they can improve.*

Field trip: *A field trip has been planned for 22nd May to Heritage Village and Sparky's . The flyer of the same has been shared already. After the field trip children will be asked to fill the booklet to reflect on their experiences.*

Master Class session: *Our Science department is all set to share the exceptional CASE methodologies. You are sure to have an insightful experience to learn Science through PMI and CAP strategies to enhance learning and improve thinking. LOCK the Date: 19th May from 8:30 to 9:30 am in the New MPH.*

Have a spectacular week!
